D. MCA (2 Year) students admitted under AICTE Model Curriculum ordinance from session 2020-21

S No.	Course	Course duration	Proposed Grace Rule
1	MCA	2 year	<ol style="list-style-type: none">1. A maximum of 10 grace marks per year could be awarded in each year of study in theory or practical subjects (internal or external) provided that his/her YGPA must be equal to or greater than the minimum passing criteria as laid down in university ordinance (YGPA equal to or greater than the 5.0) .2. Such student shall be awarded a grade 'E#' which will be deemed equivalent to the grade 'E' or the lowest passing grade in the particular subject; however, the grade 'E#' will not carry any grade point and therefore, the SGPA/YGPA of the student shall remain the same.

Important Notes:

- a. The Grace Marks will be applied at the end of each academic year and if a student is eligible; his result will be declared after incorporating the grace marks.
- b. Grace Marks awarded to a student in a subject will not be added to the total marks obtained by the student. Also, the grade 'E#' will not carry any credit point and therefore, the SGPA/YGPA of the student shall remain the same.
- c. The grade sheet of the student will display the grade awarded after Grace Marks ('E#' or another appropriate grade as per the individual ordinance of the particular course). The subjects in which the student is awarded Grace Marks shall be mentioned in the result displayed on the university website as well on the grade sheets of the student.
- d. The Grace Marks cannot be carried forward. Therefore, if the marks are not availed in a particular year of study, it will lapse.
- e. A student who has cleared all the subjects of a particular semester as per the ordinance however, his/her SGPA (semester grade point average) in the semester is less than the minimum passing criteria as laid down by the university ordinance, can be awarded a grace in form of credit normalization up to **0.25** provided he/she can be declared to have passed the academic year by the award of these grace credit marks.

For example,

1. For a B Tech student, in an academic year, if the aggregate SGPA for the student is 4.75 in any semester then his SGPA shall be normalized by adding 0.25 grace credits provided his other semester's SGPA is equal to or more than 5.0.
2. Similarly, if the SGPA of a B Tech student in odd semester is 4.90 and in even semester is 4.95 semester grade average, then he may be eligible to get a grace credit of 0.25 and

and the student will be declared as pass in the respective semesters and that academic year. However, the SGPA/YGPA/CGPA of the student shall remain the same.

3. Similar rule shall be applicable to all other courses under CBCS and other.
- f. A student willing to remove his grace marks from his result can apply in writing, within **60 days** of the declaration of result through a notarized affidavit, to withdraw his grace marks directly to the university or through his institute. He can then appear in that paper in the respective odd/even semester examination of the next academic year to improve his grades as per the university rules. However, he will lose his claim to restore the revoked Grace Marks.
- g. Grace marks shall not be applicable to the subjects studied under MOOCs, if any, whose internal assessment and the end semester examination is not conducted by the university.
- h. Grace marks shall not be applicable to the qualifying subjects for **Lateral Entry** students in which the students have to simply clear the subjects. Similarly, grace marks shall not be applicable to any subject offered as an **Audit** subject.
- i. PhD students carrying out their coursework with the university by appearing in postgraduate level subjects shall not be eligible for the grace marks.
- j. **Similarly, grace marks shall be applicable to any subject offered as Non Credit Course as listed in the Evaluation scheme in AICTE model Curriculum system.**

NEW AMENDMENTS: Addition/Changes in CBCS Ordinance (B.Tech/B.Pharma/BHMCT/BFAD) implemented in University since academic year 2017-18.

B. Method to convert the of results of students who were admitted in non-CBCS system (Old) however due to failing in any year now studying as re-admitted student in CBCS system (New).

The old examination results of students admitted to non-CBCS system (Old) shall henceforth be converted to new grading system (CBCS system) by the computation of SGPA, YGPA and CGPA methods as laid down in section 14.1 and 14.4 of the CBCS Ordinance (B.Tech/B.Pharma/BHMCT/BFAD) implemented in University since academic year 2016-17. However, if any student who was declared PASS/PWG in old system but if the SGPA of the student falls below 5.0 as per the calculations under CBCS system, the student shall be exempted from minimum criteria of SGPA in a given semester and if any subject is cleared by grace, such student shall be awarded a grade 'E[#]' which will be deemed equivalent to the grade 'E' or the lowest passing grade in the particular subject; however, the grade 'E[#]' will not carry any credit point and therefore, the SGPA/YGPA of the student shall remain the same.

The academic council shall be empowered in their capacity to make/amend the above grace rules if any anomaly of discrepancy is observed in the rules.
